KEYSYSTEMS

The leading Russian developer of software for public finance management, system integrator in the field of information security

Keysystems was founded in 2003 in the city of Cheboksary, the capital of Chuvash Republic

350 employees

A woman with blonde hair and blue eyes, wearing a dark blue business suit, is looking thoughtfully to the right. She is in a meeting with other people, whose faces are blurred in the background. The scene is lit with soft, professional lighting.

Consulting

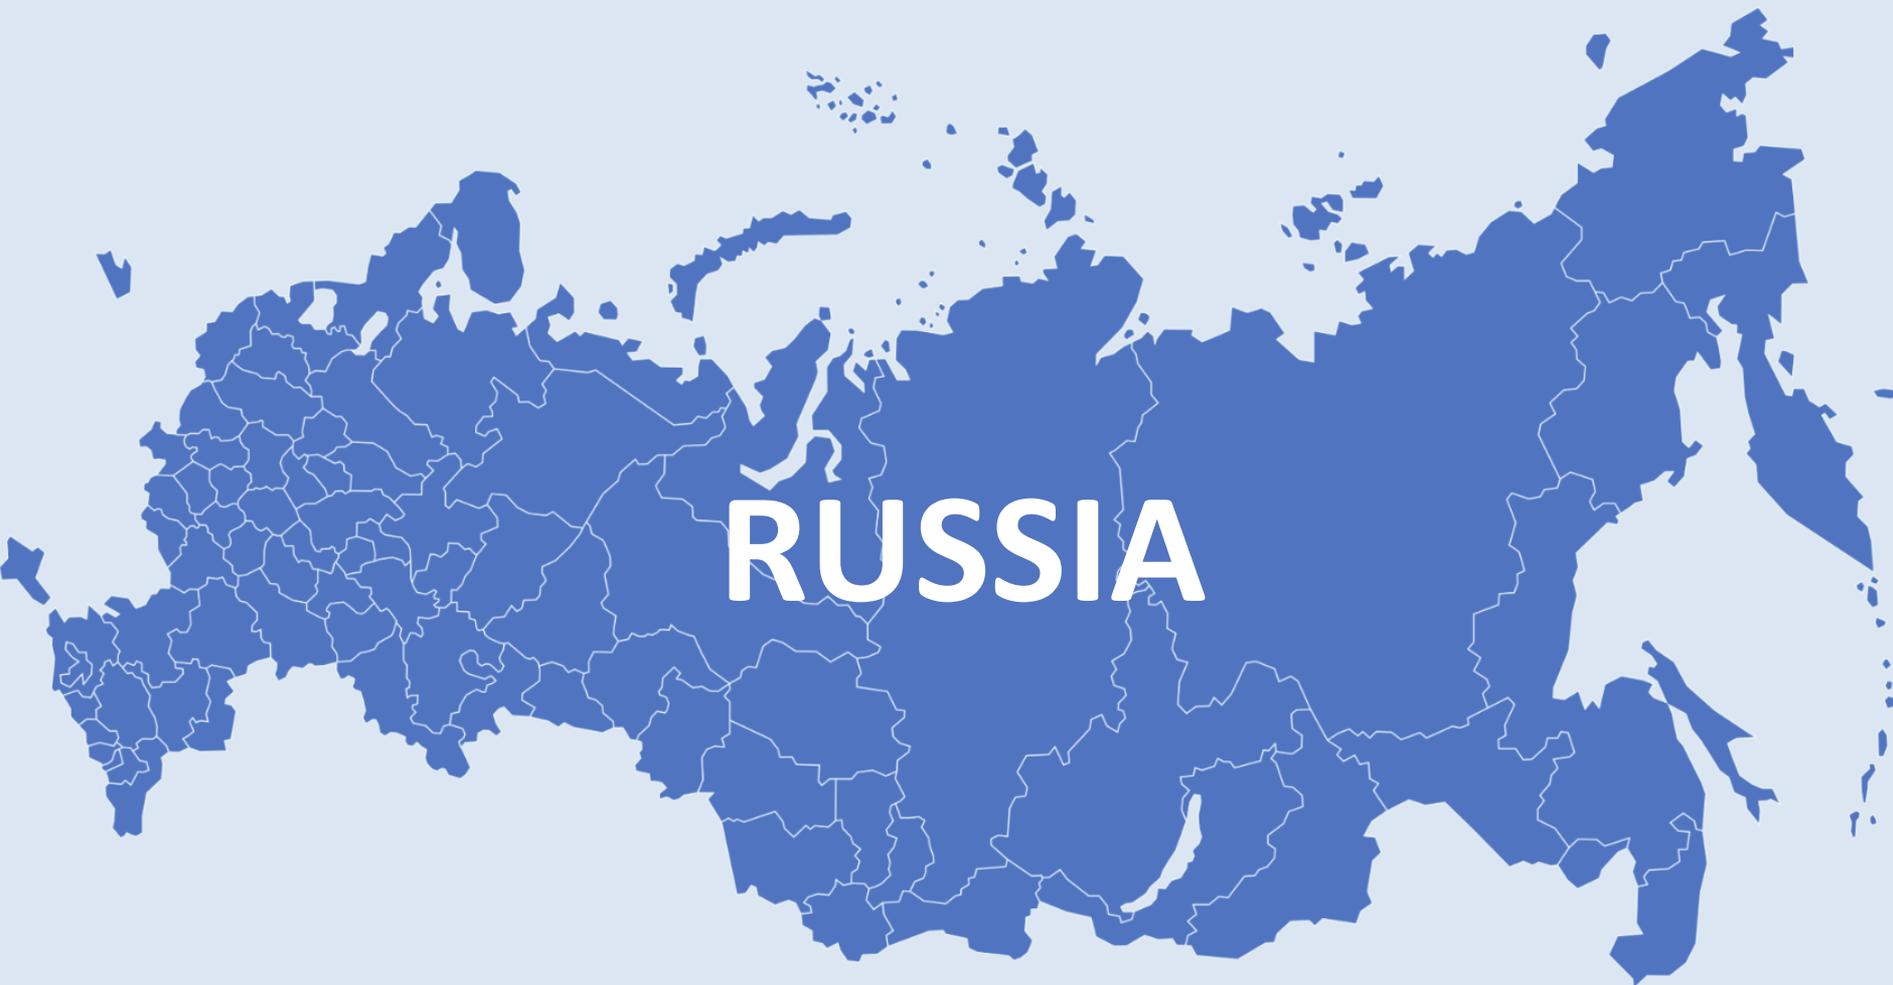

**in the field of public
administration**

A close-up photograph of a person's hands typing on a laptop keyboard. The laptop screen displays a code editor with CSS code. The code includes rules for 'em.mail' and 'em.phone', both using 'display: inline-block' and 'float: left'. The background is a wooden desk. A semi-transparent blue banner is overlaid on the left side of the image, containing the title and a list of bullet points.

Software development

- budget planning
- public procurement
- budget reporting
- financial supervision

The software is being used all over the Russian Federation

A map of the Russian Federation showing its regional boundaries. The map is rendered in a light blue color against a white background. The word "RUSSIA" is written in large, bold, white capital letters across the center of the map.

RUSSIA

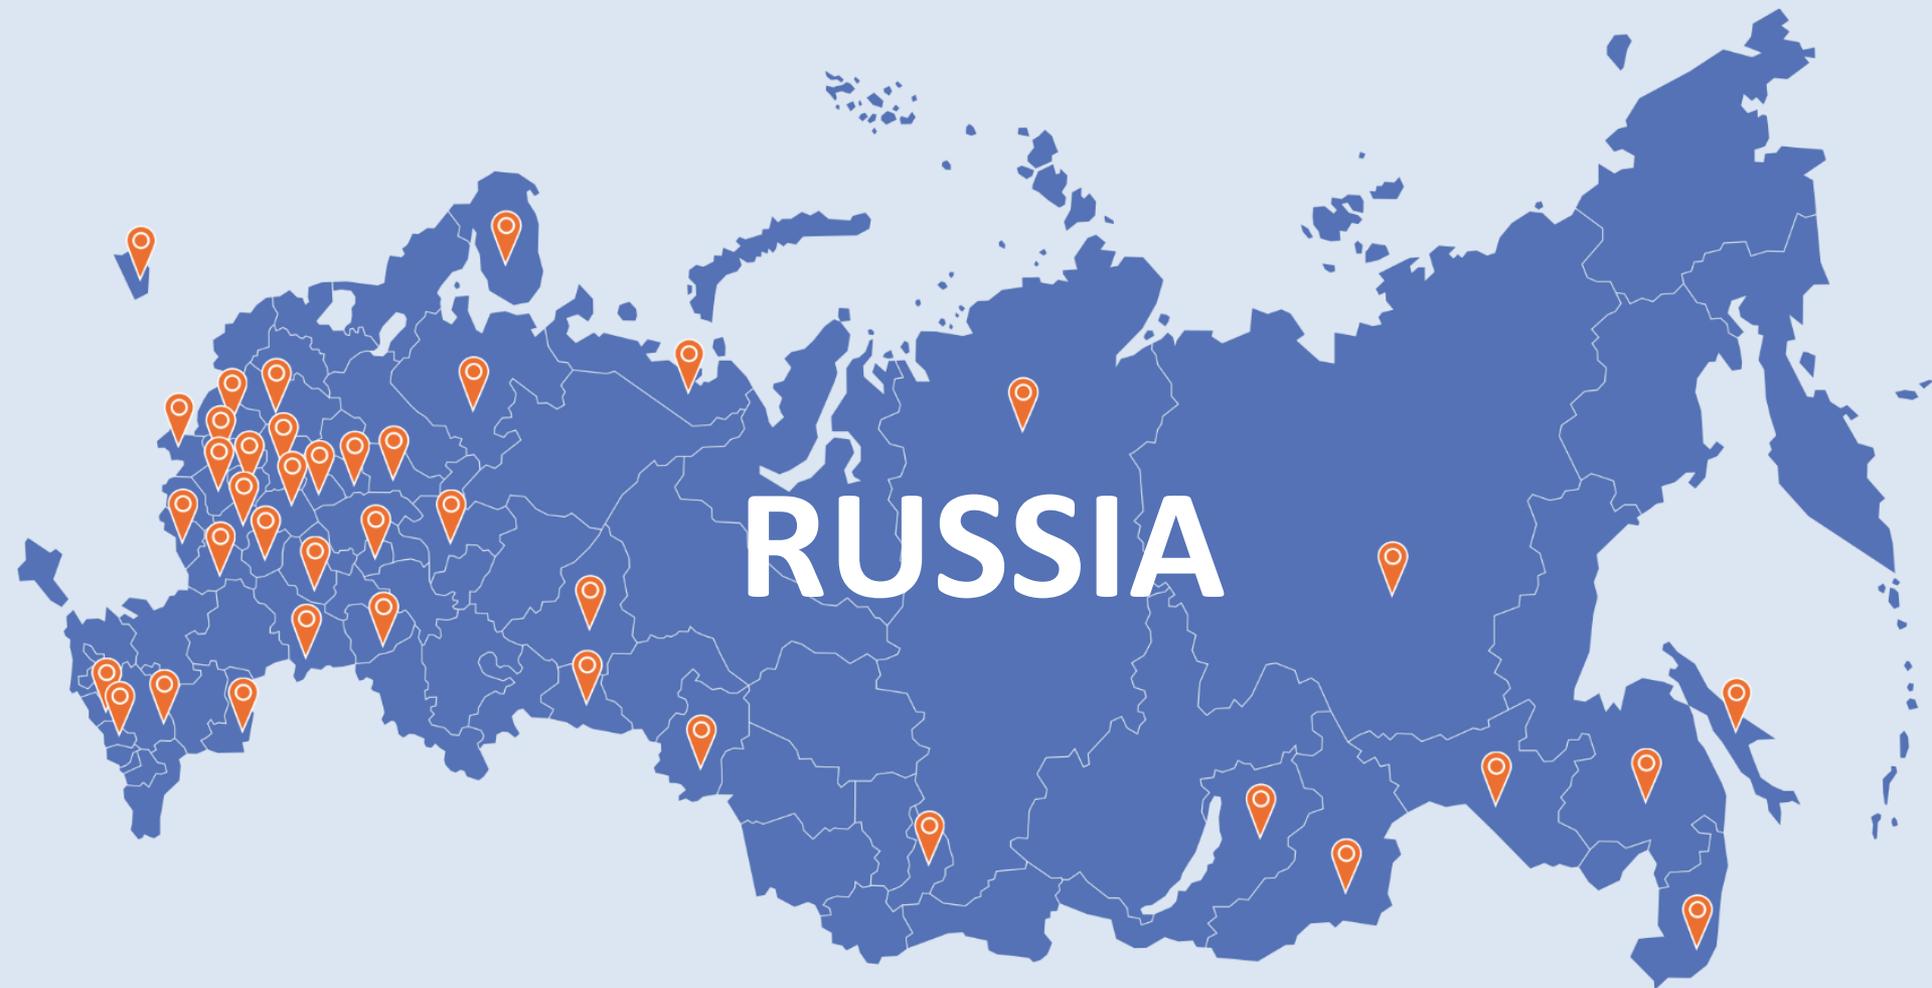

The information security

Range of services:

- Information Security Management System Implementation
- Data Protection
- Network and Infrastructure Security
- System Security Operation

49 regional dealers represent the company interests in the regions of Russia

A photograph of a computer lab with several students. In the foreground, a young man in a white sweater is smiling while looking at a computer monitor. A young woman with long blonde hair, wearing a grey blazer, is leaning over him, smiling and looking at the screen. To the right, another young man in a purple t-shirt is focused on his work. In the background, other students are seated at desks with computers, and a woman in a pink shirt is visible. The room is brightly lit with blue chairs and wooden desks.

Students training

Keysystems participates in the training of students of IT classes

Job

**creating jobs
for the graduates of higher
educational institutions**

THANK YOU FOR ATTENTION
